

Double T Tank Service - Shop

Double T Tank Service serves the oilfield industry in Valleyview and surrounding areas in providing timely transport of tank sourced products including petroleum crude and produced water hauling.

The shop features a truck wash bay, offices, boardrooms and a reception area built specially for truckers. In addition there is a parts storage room, four big bays to accommodate the largest rigs and provisions to fit 2 - 10 ton cranes.

CastleRidge Construction is providing complete end to end consulting and construction for this project and is on track for completion in March 2015.
